

eLearning for the Manager Induction Standards

Created to help deputies, aspiring managers and new managers develop the knowledge needed to meet the Manager Induction Standards (MIS).

Leadership and management

mapped to MIS standard 1

Governance and regulatory processes

mapped to MIS standard 2

Communication

mapped to MIS standard 3

Relationships and partnerships

mapped to MIS standard 4

Professional development

mapped to MIS standard 6

Manage self

mapped to MIS standard 9

eLearning for the Manager Induction Standards

The Manager Induction Standards (MIS) set out what every good manager needs to know and understand. We've created six eLearning modules mapped to the MIS for deputies, aspiring managers and new managers to support their learning.

Leadership and management

mapped to MIS standard 1

Governance and regulatory processes

mapped to MIS standard 2

Communication

mapped to MIS standard 3

Relationships and partnerships

mapped to MIS standard 4

Professional development

mapped to MIS standard 6

Manage self

mapped to MIS standard 9

Learners will increase their knowledge and reflect on their own work and service, using interactive exercises, videos and audio from real managers in real settings.

The modules can be used as standalone learning or in combination with our '**Becoming a manager**' MIS handbook. Each module costs just £15, is simple to follow and is relevant across different services and settings.
