

Accessing the Care Certificate assessors course - user guidance

- 1) Once you are registered and logged into Health Education England e-LfH, you need to locate the Care Certificate course:

- 2) Click on the Care Certificate course to access all available courses, then go to the assessor's section:

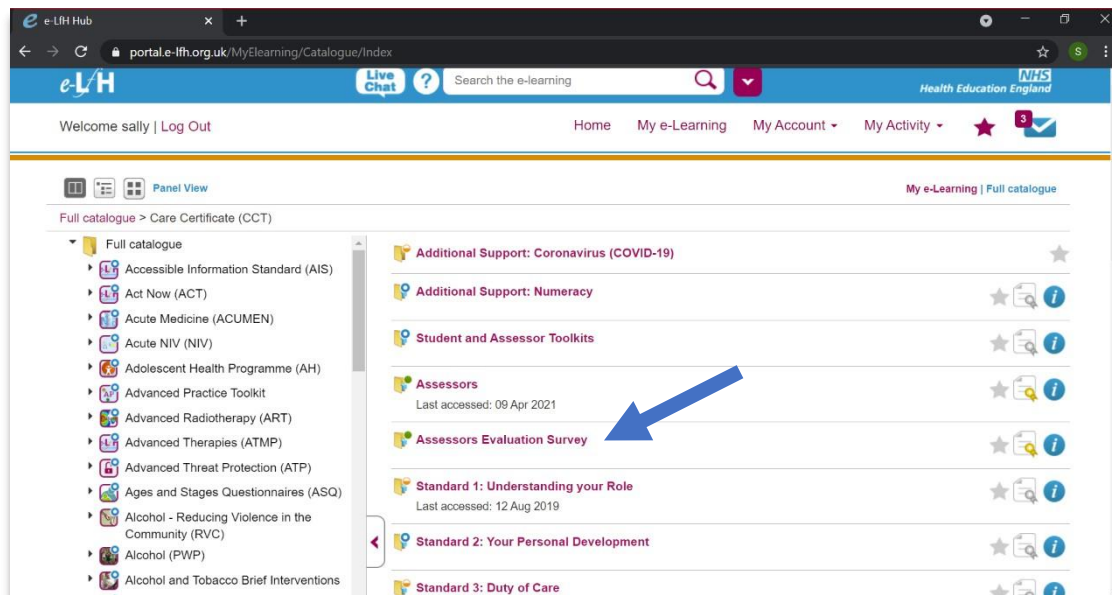

- 3) The assessor course will then launch. You need to work through and complete all three sections.

The Support Guide for Assessors is for pre and post reading to support your learning and can be saved to your own device.

Carrying out Care Certificate Assessment in the Workplace is Session 1 and Assessing the Care Certificate in Practice is Session 2, they are individual eLearning sessions, and both need to be completed:

- 4) When you have completed all sections within the eLearning, please also complete the evaluation which can be located back on the main Care Certificate index page:

How do I access my certificate?

When the assessors course is completed, the certificate icon should now be yellow. Click on the yellow icon and your certificate will be displayed for you. You can save, download, and/or print your certificate.
