

Workforce Development Fund 2019-20

Funded qualifications and learning programmes

Last updated January 2020

All learning is claimed on completion of a qualification or learning programme and evidenced by a copy of the learner's certificate.

Funding is only available for the qualifications, apprenticeships and learning programmes specified below.

The only QCF qualifications funded are the level 5 diplomas in Leadership in Health and Social Care and Children and Young People's Services.

Some qualifications listed below are no longer available to learners but WDF can be claimed for already registered learners on completion within the current funding year.

Qualification titles highlighted green have been approved by Skills for Care against our RQF minimum specifications. Skills for Care recommends new learners are registered for these diplomas.

Qualification titles highlighted orange will not be funded beyond 19/20 so ensure any claims are submitted as soon as possible and before the end of the current funding year.
