

A summary of the adult social care sector and workforce in Bath and North East Somerset

2017/18

Skills for Care, as the leading source of adult social care workforce intelligence, has created this summary because good quality information about the workforce is vital to help inform planning and decision making. This will contribute to the delivery of high quality social care services and improve outcomes for people who use these services, both now and in the future.

The information within this summary has been produced by Skills for Care using the National Minimum Data Set for Social Care ([NMDS-SC](#)). We use the data collected by the NMDS-SC to create workforce models that, in turn, allow for estimates of the whole adult social care workforce and its characteristics to be produced. The * notation throughout refers to use of raw data from the NMDS-SC.

Size and structure of the workforce in this area

In 2017 the adult social care sector in England had an estimated 21,200 organisations, 41,000 care providing locations and 1.6 million jobs. In Bath and North East Somerset there were an estimated **4,200** jobs in adult social care split between local authorities (**2%**), independent sector providers (**87%**) and jobs for direct payment recipients (**11%**). As at September 2018 Bath and North East Somerset contained 80 CQC regulated services; of these, 59 were residential and 21 were non-residential services.

The adult social care workforce is growing. Across England it has increased by 21% since 2009, and in the South West region, by 6% since 2012.

If the workforce grows proportionally to the projected number of people aged 65 and over then the number of adult social care jobs in the South West region will increase by 43% (from 174,000 to 249,000 jobs) by 2035. Recruitment and retention

Skills for Care estimates that the turnover rate in Bath and North East Somerset was 33.4%, which was similar to the region average of 33.1% and similar to England at 30.70%. Not all turnover results in workers leaving the sector, over three quarters (80%) of those recruited came from within the adult social care sector, therefore although employers need to recruit to these posts, the sector retains their skills and experience.

Adult social care has an experienced 'core' of workers. Workers in Bath and North East Somerset had on average 7.2 years of experience in the sector and 68% of the workforce had been working in the sector for at least three years.
