

## Approved Qualifications

Last updated: 19 February 2024

Approved qualifications have been developed in partnership with employers and Awarding Organisations, in line with our specifications and checked by Skills for Care for consistency. You'll see that some awarding organisations have more than one qualification approved at level 3 or level 5. This is because new qualifications have been launched and there is a period of transition where both new and old are available. The newly developed qualifications are denoted by NEW in the table title.
