2. deliver training to external organisations **or** deliver training courses and qualifications internally and be eligible for reimbursement as laid out in the [Learning and Development Support Scheme for the adult social care workforce: a guide for employers](#).

The Oliver McGowan Mandatory Training on Learning Disability and Autism

We are also accepting applications for quality assurance from Training Providers delivering Oliver's Training to the Adult Social Care Sector.

The Oliver McGowan Mandatory Training on Learning Disability and Autism is **NOT** currently aligned to the LDSS and becoming quality assured through the QACL Service is not a route to funding.

The purpose of quality assuring Oliver's training is to ensure that there is a list of quality-assured training providers who can demonstrate they can deliver Oliver's Training to the ASC workforce against a bespoke framework. This will contribute towards supporting employers to make informed decisions when commissioning Oliver's Training, improving the quality of training offered and access to and uptake of training within the ASC sector.

Please note: if you have not yet delivered Oliver's Training, please do not apply to become quality assured as we cannot quality assure training that has not yet been delivered. Please only apply when you can show evidence of implementation of the quality measures in practice.
