

RM12

a leadership programme designed for registered managers

Strengthen your leadership team with RM12 - a six-month, practical development programme designed for registered managers in social care.

RM12 helps leaders build confidence and strengthen skills. Each month participants join expert-led sessions exploring key leadership principles with a focus on real-world application. Core topics include supervision and goal-setting, communication and conflict resolution, equity in leadership, and leading change.

Why commission an in-house RM12 programme?

- **Immediate impact:** gain practical tools and approaches that improve service quality.
- **Modern leadership:** adopt a fresh, forward-thinking approach to inspire, empower, and influence with confidence.
- **Small changes, big results:** discover how small, strategic changes can transform your team culture and outcomes.
- **Reflective practice:** develop self-awareness and resilience through guided reflection and peer learning.
- **Reduced staff turnover:** effective leadership builds a stronger, more stable workforce.

Commissioning RM12 for your organisation

Commission an in-house version of the RM12 programme and invest in confident, capable leaders who make a real difference.
